

SUPERINTENDENT OF STREETS

To the Honorable Board of Selectmen and
Residents of the Town of Chilmark:

We had a challenging winter this past year and as a result have been quite busy. In spite of a record year for snowfall we were able to keep the streets clear and passable. I would like to thank all the Town's snowplow drivers and contractors for their help and long hours.

This past spring we had several fallen trees and thanks to Robert Silvia and Dale Robinson we were able to remove the debris without incident.

We also worked with , Jim Glavin of DECA Construction to improve the roadbeds on Meetinghouse Road and Tea Lane. Kent Healy helped by redesigning the drainage system on both roads that will help reduce the wash boarding.

If you have any questions regarding our roads, feel free to contact me at the Highway Department Office 508-645-3073.

Respectfully submitted,

Keith L. Emin
Superintendent of Streets
