

Press Release

July 30th 2008

At a meeting held last night, the Chilmark Board of Selectmen executed an agreement with Will & Madeline Holtham to acquire the Homeport property and two waterfront lots for \$2,000,000, subject to the approval of Town Meeting.

The Town Meeting warrant article will seek voter approval to finance the acquisition, remove the building, retain parking, provide a comfort station to relieve the burden on the Menemsha Beach facilities, create additional Town water access for kayaks and small boats, and create a public park space to restore and preserve vistas of the ponds.
