

Chilmark Harbor Department

Reminder

January 15, 2006 is the date by which all Mooring Permit renewals and Slip Lease renewals must be received by the Harbormaster with the required fees and slip rental payments in order for prior Permit Holders and Lessees to continue their annual usage of Moorings or Slips.

If you are currently a Mooring Permit Holder or a Slip Lessee and you wish to renew your Permit or Lease, please refer to the packet we sent to you on November 17th, 2005, complete the application, and send it and the required funds and documents to us before January 15, 2006. Otherwise we have no choice but to turn over your Mooring Permit or Slip lease to the next person on the Waiting List.

Best wishes for the New Year.
