

To our friends at the Chilmark Town Hall,

Now that the dust has settled on the 2010 Beach Plum Inn America's Heroes Saltwater Challenge, we want to take the opportunity to express our appreciation for your contribution to the event.

The Challenge was a huge success. We had 11 veterans and active duty military participants and included veterans from the Korean Conflict through the current military action in Afghanistan. They all had a great time and were extremely appreciative of all the support they received from the community. Your contribution was essential in making them feel welcome and appreciated.

We love doing this event and getting the chance to show our appreciation to our men and women in uniform. However, this event would not be the wonderful experience it is without all the people and companies who supported us by providing gifts, services and volunteering to assist with the activities. And for that, we would like to say thank you.

Sincerely,

Jack, Sarah, Bob and all of us at the Beach Plum Inn
