

## PASTURE ROAD ASSOCIATION

January 20, 2011

This is a quick update on the road / weather happenings in our neighborhood, as we head into the colder months.

Happy New Year to all. Winter is here in full swing, at last count, we have had three snow storms, only had to plow one. Ice has been the problem, again this year. We have had Maciel sand the road twice. The bad news is another storm is headed at us for Friday, they are saying two to six inches of new snow, depends which station you watch.

The road has been the brunt of all this weather, it is covered with pot holes and wash outs. I don't believe that grading the road, at this point, in mid January is a wise effort to put forth, let's wait until the frost is out of the ground in late March, early April. In the mean time, I have asked Josh to give us a Band-Aid fix, filling the pot holes and fixing the wash outs. I think ( I hope) that will last us to Spring. The wash outs I believe are a result of our, Town of Chilmark, Land Bank and home owners, not fixing and cleaning out the culverts last Spring.

I will keep you all up to speed on the road conditions. As always, I am open to suggestions from all.

For the record: I have purchased a roll of stamps with money from the checking account to continue these mailings. \$44.00
