

MEMO TO BOS

RE: Slips and Moorings

DATE: 19 February, 2013

FROM: Dennis Jason

Dear BOS:

SLIPS: We have a number of slips on the west dock, on the floating dock and on the channel dock to re-assign.

Jenny On the west dock, for sure there are two. Benny Syslo has asked about getting their money back and ~~have~~ responded that his mother has the option of keeping the slip for the boat, or, if they wish \$\$ back, they need to submit a letter relinquishing the slip.

There is one slip on the floating dock, and depending upon size of boats, several on the channel dock. *Plus #14 - no requests*

MOORINGS: We have 9 moorings which people have either relinquished or not renewed. We have 1 mooring (Paul Hornblower) who was late renewing. He is pleading food poisoning (and away on business) – what is your decision about renewing? We have a chronological waiting list...do you wish us to reassign the 9/10 moorings according to that list?

Respectfully submitted:

Dennis Jason

MEMORANDUM

Jan. 18, 2013

To: The Chilmark Selectmen and Dennis Jason
From: Paul Hornblower

I received a voicemail from Ginnie of the Harbormaster's Office on January 18th which was left on January 9th. I have been on the road and have had food poisoning which contributed to my not picking up my messages. Other than that, in my haste to leave the island before Christmas I neglected to take care of the mooring permit application which I had intended to do. I regret that my payment is therefore late.

Nevertheless I have enclosed my payment in case my oversight is not sufficiently delinquent at three days (plus the weekend due closure) for me to lose my hard-won privileges for which I waited for many years.

Thank you for your further consideration of my application and hope to remain a viable waterman of Chilmark!

Sincerely,

Paul S Hornblower

Subject: HAROBR: Names and waiting lists

Tim:

A memo which I will get Dennis to sign on Tuesday will contain the names of the relinquished slips, and the names on the waiting lists, ditto for moorings. We were asking for a place holder for the memo on the BOS agenda for Tuesday, so please put that topic on the agenda although I don't have all the names here at home. Suffice it to say that the names will be those on the various waiting lists, which are chronologically organized. I think (please do not quote me) that Helen Parker and Lewis Sachs are the top of the WL for the West Dock, and I cannot remember who is third. On the floating dock -- for Mike Renahan's slip, it is Don Sexton and then Bradley -- which raises some issues. For the Channel Dock the waiting list is Bret Stearns and then Hans Solmssen if I remember correctly .

I cannot remember the moorings but 9 people either did not respond or relinquished, and one (Paul Hornblower) was three days late. He has written a letter explaining why. Since the BOS likes to make these decisions, we plan to place it all on their agenda.
