Subject: Request to borrow Chairs and Tables for Tobin Wedding weekend 9/21/13

Chilmark Selectmen; Jonathan Mayhew, Warren Doty and Bill Rossi,

Hello,

We are very excited to be starting our lives together and building our family in the very town that my fiancé Joe Tobin has grown up and lived his life. We will be getting married on September 21, 2013. As the cost of having a wedding gets increasingly expensive we are looking into ways that would be most economical. Other friends of ours in town suggested that we borrow chairs and tables as they did from our community center. We will be getting married at Joe and his parents, Matt and Bridget Tobin's, house at Tea Lane Nursery in Chilmark. We are planning on having about 185 people and humbly request to borrow as many chairs and tables that you will allow. I spoke to Dilly at town hall and Bridget Tobin has talked Rodney, we will thoroughly clean everything upon return.

Dilly mentioned that there is an event at the community center that weekend and had me reach out to Valerie as she thought she might not need the chairs and tables for her event. As advised, we reached out to Valerie Simminfal who will be part of the 3 day Gyrokinetic retreat that weekend. She said she may need about 20 chairs, if any, and no tables. They tend to use stools and mats and she is going to check and see what stools and other sitting apparatus that other members are bringing. Her and I will speak again when the date approaches to see if she will need any of them at all. So they are available. We look forward to starting the next phase of our life together and some day have children who will have as wonderful of a community experience as the Tobin's and I have had. Please let us know what we can borrow and advise us if there is anything else we need to do.

Thank you in advance for your consideration,

Guilnar Karam & Joe Tobin
