Subject: Issues for Selectman's Meeting

Hi Tim

We discussed a few issues at the Shellfish Committee meeting.

1. We talked about the Assistant Constable's hours being extended to cover one day of enforcement over the winter.
2. Stan Larsen wants support/permission from the Selectman to use five of the ten acres of mussel farming area at the Nomans site.
3. We would like to search for a few new Shellfish Committee members to replace the members that have not been showing up for meetings. A few people are interested (Wayne, Dennis Jr. and maybe Scott Larsen).

Thanks Isaiah
