Subject: Request for Inclusion in Public Town Meeting Agenda
Date: Wednesday, July 31, 2013 11:07:27 AM

To Mr. Timothy Carroll, Executive Secretary:

My husband and I, Christine and Mick Walsdorf, purchased in the spring and live currently at 11 Greenhouse Lane, Chilmark. We have two young children, [REDACTED] yrs old. Our property includes deeded access to Quitsa Pond. To access the pond we and the children have to cross State Road from our driveway and because of the blind turns approaching from both directions, we would like to request "Slow, children crossing" signs for both eastbound and westbound approaches on State Road.

We are hoping this can be included on the agenda for discussion at the August 6th meeting. I will try my best to attend the meeting in person to voice my request but because of my children, I'm not entirely positive I can attend at the 7:30 pm time (that's their bedtime).

Please let me know if there is any additional information needed. I can be contacted at

[REDACTED]

Thank you.

-Christine Walsdorf
