Subject: another parking update
Date: Friday, July 26, 2013 12:15:17 PM

Dear Selectmen,

Thank you for your continued oversight of the Beetlebung Corner summertime parking problems. I'm sorry that I was unable to attend your recent meeting where this was discussed, but I was able to watch the discussion on MVTV and wanted to follow-up.

I'm happy to report that I've reached out to Anna Merhalski of the Film Festival and we have worked out a plan to address the lack of parking for casual library patrons who are not attending our 5 p.m. program on Wednesday evenings. We'll give it a try out next week (July 31). I'm grateful to Anna for her flexibility and willingness to work on this and her promise to make adjustments if our initial agreement proves to be insufficient.

We will keep you posted.

Cordially,
Ebba Hierta, Library Director
