Subject: Request for place on Sept. 3 Selectman's Agenda

Dear Tim: This is to request a place on the Selectmen's agenda for Tuesday, September 3rd, to discuss plans of the Dukes County Health Council and the Donors' Collaborative to develop plans for a Healthy Aging program on Martha's Vineyard. The two groups have been working together for several months, and this year's research by the Rural Scholars from the Univ. Mass. Medical School in October will also focus on this effort. I would like to describe it to the Chilmark Selectmen prior to the All-Island Selects meeting the following week.

Hope this works!

Thanks, Paddy Moore
