

Dear Selectman

I am writing you to request a variance to store more than two thousand gallons of propane at the property owned by Squibby LLC Map 35, Parcel 1-15 we have a total capacity for two thousand three hundred and fifty gallons on the property.

We have installed a 350 gallon gas tank for the outside grill as well as the kitchen stove, we also have installed a two thousand gallon tank for the 100KW generator, with the threat of losing power for an extended period of time as well as the option for future guest house we wanted to be sure to have enough propane to cover the needs of the property. The two tanks are more than 250 feet away from each other.

Thank you for your consideration,

**Scott Stearns**
