

# LOOK FOR THE ENVELOPE WITH THE BIG YELLOW VINEYARD IN YOUR MAIL!

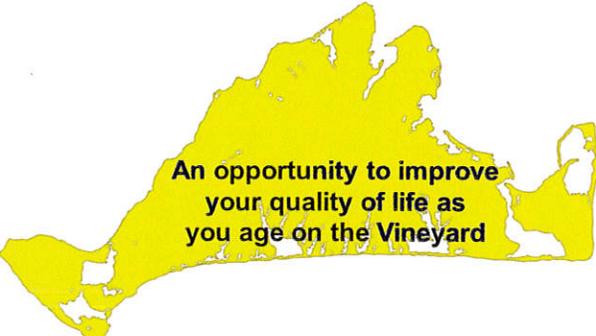

Healthy Aging MV is conducting a survey of all Vineyarders 65 and over, to help the community make important decisions about the Island's future. Our 65+ population is expected to more than double in the next fifteen years, and we want to be prepared. This is an opportunity to voice your needs and opinions and make the Vineyard a great place for you to age.

## An Opportunity to Improve Your Quality of Life as You Age on the Vineyard

HEALTHY AGING TASK FORCE  
MARTHA'S VINEYARD

The implications of our elder population growth are staggering so we need a big response to the survey to ensure the most critical needs of our elders will be met. So if your friends, neighbors or parents are over 65, make sure they complete the **Healthy Aging Survey** so they can voice their needs and opinions too.

Thanks to Edgartown National Bank, MV Hospital and Dukes County for supporting this effort.
