RE: State Road Condition

Mr. McCourt,

I am writing to you in regards to the hazardous condition of State Road for pedestrians. I walk from the Chilmark Town Hall to the US Post Office and Martha's Vineyard Savings Bank at least once everyday. The North side of the road from the Post office to the pedestrian crosswalk has pavement clumps that are loose and with the washout of the area just beside it there is no place I can be sure of.

Please, at the first chance you get to address this, help make the side of the road safe to walk. Thank you very much.

Sincerely,
Diana DeBlase
