Chief Norton,

On behalf of the Aquinnah Fire Department, I would like to extend my thanks to you and your department for the mutual aid provided at the structure fire on 3/3/16. If not for the quick response and experience of your department members, the outcome of this incident could have been quite different. Thankfully through joint efforts, the structure was saved.

Again, be sure to let your members know that I am grateful for their response and continued support in safeguarding our community.

Sincerely,

Simon Bollin  
Fire Chief
