---

Dear Executive Secretary, Board of Selectmen, and Building Inspector,

I am writing to ask you to post a version of the attached signs in our town's public restrooms: Town Hall and Menemsha locations, and maybe even the CCC. Since it is a municipal sign, I was told to reach out to you. If you are interested, you could simply use the attached image, or contact me for further help\*. The sign reads LOVEmv and "Don't Litter" in various world languages.

It is one of the efforts of a small grassroots group called LOVEmv. We are working to stop litter at its various sources. We are not a recognized non-profit, we are just grassroots people volunteering with a common goal: Get more people to LOVEmv, thereby hoping that they will care for it, conserve it, protect it, and not litter.

The kindness of your reply, either way, would be greatly appreciated. Let me know if you need me to present this at one of your meetings. Thank you for your dedicated work to our island towns.

\*For us to get the signs printed as an 8 ½ X 11 poster, we would use Tisbury Printer. We would pass their print fee onto you as the cost of the posters (under \$3 per poster). Our design team (Hayes Design Studios) created the image free of charge.

Sincerely,

Constance Messmer

Founder of LOVEmv

Chilmark

(Formerly of Edgartown, Oak Bluffs, Tisbury, and West Tisbury – for all of my 30 years here.)
