

MAY 19TH 1:00

CELEBRATION

At the end of the first year of operations for all 32 CVEC photovoltaic projects it is time to say THANK YOU!

CVEC knows how difficult it has been to understand the terms and mechanics of Net Metering Credits. Hard working staff and volunteers have taken on the challenge. At the end of the first year it is time to say bravo for successful management of the multi-layered processing of net metering benefits against PPA costs. On May 19th CVEC will honor those individuals who have survived their 'first year of net metering credit management'!

Celebrate Staff and Volunteers!

**An event to honor
staff and
volunteers that
have dedicated
their time, energy,
and expertise to
unravelling the
mysteries of Net
Metering Credits!**

**Join us for a treat
at the
West Tisbury Free
Public Library
1042 State Road
May 19th
1:00 – 2:30 pm**

THE CAPE & VINEYARD ELECTRIC COOPERATIVE
