Eversource Energy: Hazard Tree Removal Plan

Dear Mr. Emin,

At Eversource, we're committed to delivering great service.

As a way to improve electric service reliability and safety for residents of your town, we plan to remove select Hazard Trees on roads within the Town of Chilmark. Property owners or abutters have been notified of hazard trees on their property. They have signed their consent to remove the select trees included on the attached Hazard Tree Removal list. The included trees may exhibit severe insect damage, structural defects, prolific growth into the wire zone or other hazardous conditions.

The following Hazard Tree Removal List is being submitted by Eversource in compliance with Massachusetts General Law Chapter 87 Section 14. Pursuant to MGL Ch. 87, Section 14, as the Tree Warden of Tisbury, you are responsible to approve, approve with modifications or disapprove this request. This notification letter will serve as our pruning permit unless we are notified otherwise.

Please contact me with any questions or concerns regarding this work.

Respectfully,

Kyle Barry
Eversource Arborist
