Dear Valerie,

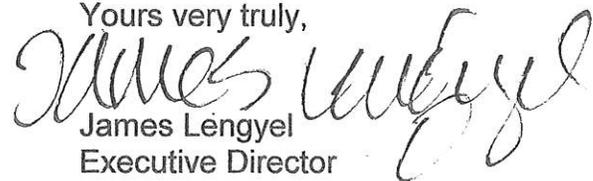

I am writing to follow up on the land bank commission's letter to the association earlier in the season regarding the association's assessment.

Enclosed please find a check in the amount of \$500, for the July 2016 - June 2017 fiscal year. The land bank concluded, after having studied the dues it pays to the other twelve road associations across the Vineyard in which it is a member, that \$500 represents a reasonable contribution.

This is based on the land bank's overall limited use of the Pasture Hill road system, plus the change in circumstances since the original allocation formula was devised in 1993: at that time the road was in poor condition and it was logical for the land bank to participate in the significant upgrade that was required. It is now in sound shape and the land bank believes that its contribution should be similar to the average that it pays to the various other associations.

Thank you.

Yours very truly,

James Lengyel
Executive Director
