Dear Mr. Carroll,

I am pleased to inform you that the Massachusetts Cultural Council has selected Ms. Pia Webster of Edgartown to receive the 2011 Local Cultural Council Leadership Circle Award for outstanding volunteers. The award recognizes their exceptional volunteer work to expand opportunities for residents to participate in arts and culture on Martha's Vineyard.

The Local Cultural Council Program is overseen by the Massachusetts Cultural Council. The MCC receives funding from an annual state appropriation and distributes funds to every city and town in the Commonwealth. The funds are then re-granted by Local Cultural Councils, committees of municipally-appointed volunteers, to support programs in the arts, humanities and interpretive sciences. This program is made possible through the support of the Massachusetts Legislature, municipal officials, and more than 2,300 volunteers who serve on 329 local cultural councils.

The MCC will work with your Local Cultural Council to organize a local award presentation ceremony. Celebrations will be held across the Commonwealth for each LCA winner with local councils, community members, municipal officials and state legislators. These events will honor the dedication and achievements of these outstanding volunteers. Someone from the MCC will contact you with more information about when and where the Leadership Circle Award will be presented to Pia Webster on Martha's Vineyard so you can take part in this special event.

We are pleased to celebrate the leadership of Ms. Webster, whose work enriches and improves the quality of life in the Commonwealth.

Sincerely,

Anita Walker
Executive Director
