Dear Board of Selectmen,

I have served on the Conservation Commission for the past some years. I'm willing to continue another term. It is a challenging board because it requires learning the state and local wetland laws. I hope we can encourage some new people to serve also, as associates or new members. Associates do get to participate and also learn as they watch. Thank you for your consideration. Pam Goff

Subject: ConCom Annual appointments

Dear Town Volunteer:

I want to thank you for your service to the town over the past year. Not everyone has the time, energy and passion to volunteer, so we appreciate your gift to the town.

The Selectmen are taking up the annual appointments this month and your term is currently expiring. I am writing to see if you would be willing to serve another term. I would love to hear from you by Friday afternoon if possible.

If you are willing to be considered by the Board of Selectmen for reappointment, would you please write a very short summary of your volunteer service to the town over the past term.

Please address it to the Board of Selectmen and include the major actions that you were part of. If you have any ideas for future action that you think the town should be taking in regard to the area you volunteer in, please feel free to include them too.

Thank you again for being a valuable member of the town team and I look forward to hearing from you soon.
