Subject: reappointment

To Chilmark Board of Selectmen, June 2011

I would like to be reappointed for my volunteer service on the Beach Committee. This will be my 4th year and I feel that the Committee and I have accomplished a lot over these years.

I have helped to bring accountability and oversight to the department and brought the cost of running this department down.

I still think it is a good idea to consider installing composting toilets at Lucy Vincent Beach.

Our portable toilet cost has gone up again, but more importantly, I think the Town should be looking toward the future and what the significance of this project would mean towards "going green".

Thank you.
