Re: Follow up of October 9 parking meeting

Dear Selectmen,

At their meeting on November 14, 2012 the library Board of Trustees asked me to follow up on the meeting hosted in October by Selectman Rossi. The board agreed that the meeting presented a great opportunity to begin addressing a long-standing problem. We are appreciative of Selectman Rossi's efforts to look for solutions, both permanent and temporary, to the problems created by the lack of parking at Beetlebung Corner.

The trustees are hopeful that this matter will be addressed by the full Board of Selectmen soon and would appreciate knowing when it might be included in the BOS agenda so that we can attend the meeting.

Cordially,

Ebba Hierta
Library Director
