Subject: 21 Tea Lane, Chilmark - Revised Wall Plan
Attachments: Wall Permit Application #2.docx

Hi Alison

Thank you so much for your call yesterday. I am attaching two images to help explain my change in plans with regard to the beautiful stone wall surrounding my property on Tea Lane.

As I have gotten into further discussions with my contractor about the home I intend to build and the necessary driveway access, it has become apparent that for the long term, moving the driveway to the other end of the lot will have less negative impact on this wonderful property.

Also, as I related in my previous request to the Review Committee. It is my intention to have the wall fully restored post construction by an island professional. I further intend to repurpose all stones that are moved to make my driveway opening to restore the rest of the perimeter wall completely.

Please let me know if you have any questions. I will also send these attachments along to you by mail with my check for the hearing fee. Thanks so much for your assistance. I look forward to discussing this with the Review Committee on July 24th.
