**Attachments:** Wall Permit Application.docx

Hi Alison

I have recently purchased (April 10, 2023) the parcel of land at 21 Tea Lane in Chilmark, I believe my daughter, Maddie Silvia, emailed you about this.

I would like to apply for a permit from the Town to move about 2-3 feet of the existing stone wall to widen the opening to the property off Tea Lane for my driveway. I have attached to this email photos of the existing wall with diagrams of what I am proposing.

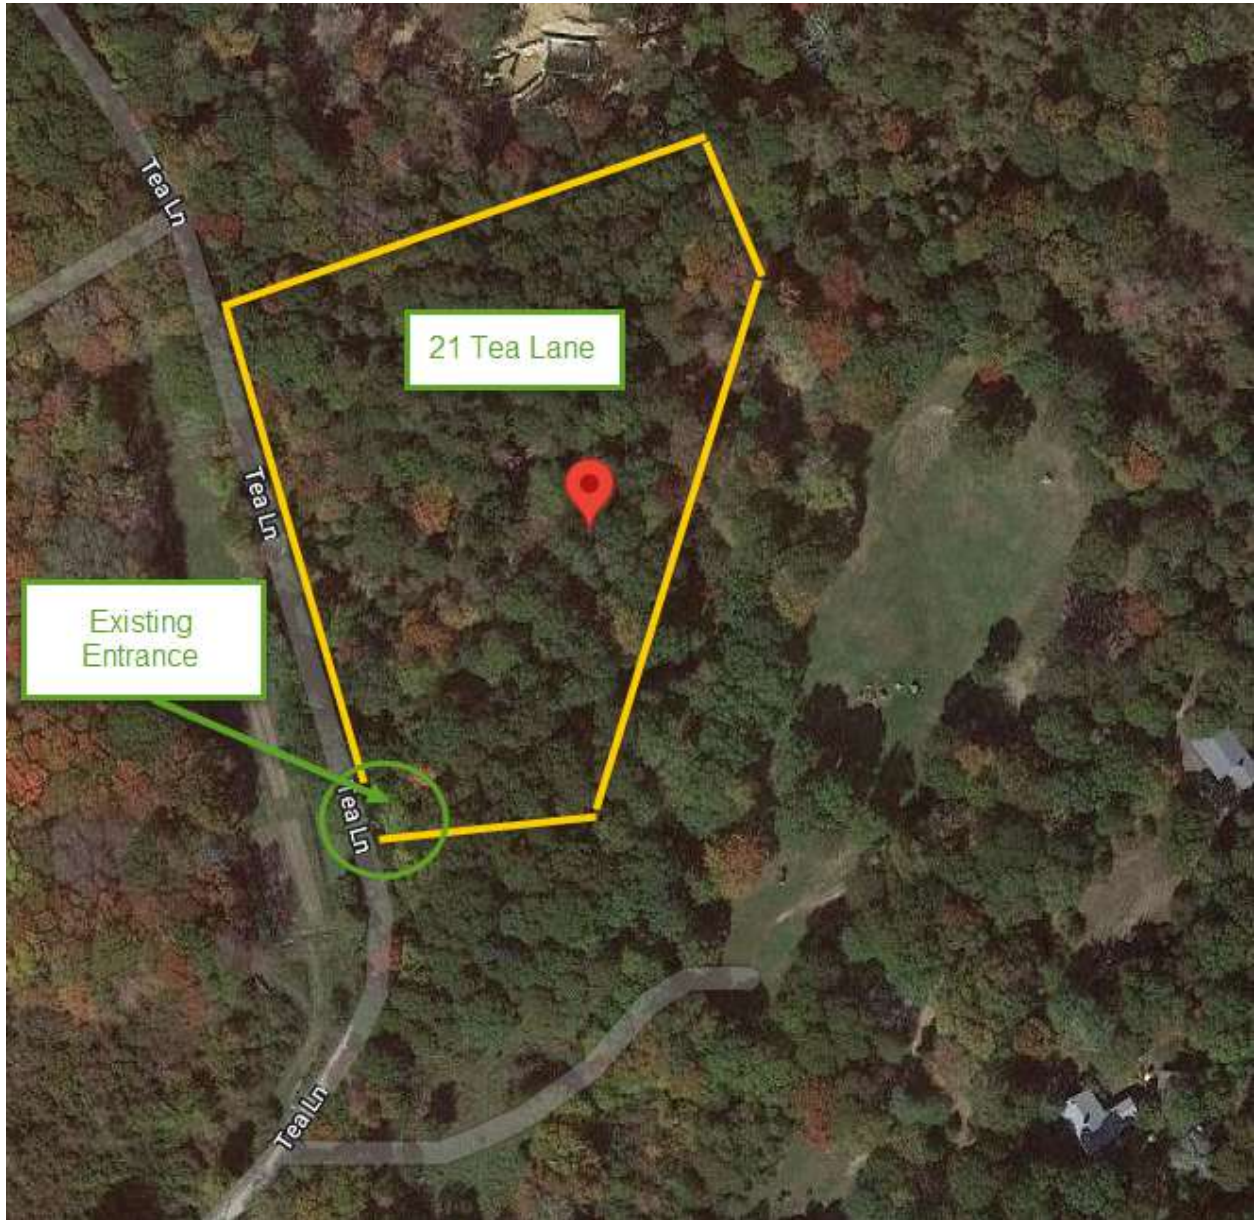

I intend to hire a qualified stone wall contractor on the Vineyard to move these stones and perhaps re-use them somewhere on the wall where they might be needed. I am also going to ask the contractor to make sure that the entirety of the wall surrounding the property is all in good repair and replace any fallen stones. Further, I would like to put small vertical stone piers (something to match the existing stone) on either side of the driveway opening for retention of the wall at that location.

It is my understanding that you will present this plan to the board at their next meeting on April 24th for their consideration. Please let me know if you have any questions or require anything further from me for this meeting. Also, please let me know if I need to have a representative attend the meeting, as I will not be on the island.

Thank you very much for your assistance and consideration.
