---

Hi Tim,

Can you tell me if my below 1/17/24 letter has been discussed yet? I understand there haven't been a lot of Select Board meetings in March, so thought I'd check.

Also, after we met in Menemsha re: speed tables. etc. was it discussed at a board meeting? If so, can you direct me to the minutes where it was discussed?

Thank you very much.

Barbara

Subject: Request for "Illuminated speed signs"

Good Afternoon Dilly,

Would you please forward the below to the Members of the Select Board for me?

Thank you

Barbara

XXXXXXXXXXXXXXXXXXXX

Dear Members of the Select Board,

In the Chilmark Planning Board memo to the select Board dated Dec. 18, the committee studying "Traffic Calming in Menemsha" mentioned in their summary, that "...speed tables and illuminated (speed) signage seem like they might be a solution in Menemsha." The speed tables were discussed at a site visit today, but I was informed that if we wanted illuminated speed signs, I would need to request them from the Board. Therefore, I would like to request that two Illuminated Speed Signs be purchased for Menemsha that could be located before the proposed speed table going into Menemsha and before the one leaving Menemsha. The combination of the speed tables and speed signs may make a huge difference this summer.

Thank you.

Barbara Armstrong
