Dear Ms. Le:

The Town of _____ is in full support of the Regional Economic Development Organization (REDO) grant request by the Cape Cod Economic Development Council, Inc., in partnership with the Plymouth and Cape Cod Chambers of Commerce. We understand the funding will further advance the region's Blue Economy Plan to diversify our economy.

With goals to increase career opportunities for our youth, enhance entrepreneurship and support business startups, along with active marketing of the region as a great place to live and work, we are very excited about the proposed maritime trail construction (Expedition: Blue!). We thank you for your consideration in this grant request, and pledge to work with the REDO partnership in the coming year to support our economy.

Sincerely,
