Greetings Tim,

I sent you a letter a week or so ago requesting support from the selectboard ahead of setting up a meeting to talk about what the letter was for. that was that was probably too soon.

The Chilmark representatives of the CCMVHB would like to request the opportunity to discuss the letter of support for the housing bank transfer fee bills. The bills are currently making their way through the legislative process being adjusted and shaped. We would like to share before the select persons and ask for the boards agreement to send the letter of support for the bills to the state legislators at finance and housing. Once the legislation is at the point of requests for testimony we will be moving fast to get all our letters of support submitted.

Allison Cameron Perry, Vicki Divoll and I are now on the standing committee of the CCMVHB and one or two of us would like to come before the select board to discuss the letter. I am requesting that the Chilmark CCMVHB letter of support be put on the select board meeting agenda for the 25th of July, if possible.

Thank you for taking the time to work on this.

Sincerely,

Jonah Maidoff
