Election Advisory #22-01

Changes to State Election Laws

June 23, 2022

The purpose of this Advisory is to familiarize local election officials with changes to state election laws that will impact the 2022 State Primaries and State Election, as well as upcoming local elections.

This Advisory includes a first-glance summary of changes that will directly affect how you, as a local election official, will carry out your duties. Additional information and specifics will be provided in the coming weeks and months, as different aspects of the new law go into effect and as new regulations are promulgated.

The VOTES Act

On June 22, 2022, an election reform law titled "The VOTES Act" was signed into law. Among other things, the VOTES Act makes several of the temporary changes from the pandemic permanent, so many of these policies and procedures will be familiar to those of you administering elections in 2020. The new law also makes the absentee voting process and early voting by mail processes consistent.

Voter Registration Deadlines

Beginning July 22, 2022, the voter registration deadline for all elections and town meetings will be 10 calendar days before the date of the meeting or election.

Local election officials will still be required to hold in-person registration sessions on the last day to register to vote, which for any Tuesday election will now be a Saturday, but the registration session will end at 5 p.m. instead of 8 p.m.

For cities and towns with more than 1,500 voters, the registration session must be held from 9 a.m. until 5 p.m. For towns with fewer than 1,500 voters, the registration session must be held from 9 a.m. until 11 a.m. and from 3 p.m. until 5 p.m.

Poll Worker Appointments

Effectively immediately, there is additional flexibility for the appointment of poll workers.

If, six weeks before an election, it is determined that there are not enough election officers appointed, the appointing authority (board of selectmen, city council, board of election commissioners) may appoint poll workers without regard to political party affiliation, voter registration status, residence, or inclusion on a list from a local party committee.

If, three weeks before an election, there are still not enough poll workers appointed, the clerk will be able to fill vacancies by appointing any competent person, without regard to party, residence, or a list from a local party committee.

Further, you now have the option to eliminate the use of a check-out table if you choose to do so. If you do not use a check-out table, however, you must still have a poll worker stationed at the ballot box.

If poll workers are appointed without regard to party affiliation, the inspectors at the check-in table (and check-out, if used) cannot be of the same political party. If poll workers are appointed from lists from the parties, the inspectors must be of different political parties.

Police Officer Assignments

Effective immediately, the law regarding assignment of police officers at polling places is amended to require the board of selectmen, town council, or city council to assign police officers ~~and~~^{or} constables to polling places. Previously, this was the responsibility of the chief of police.

Since this change is taking effect before the primaries, you will need to communicate with your selectmen or council to make sure they detail officers at a summer meeting before September.

Vote by Mail

Effective immediately, early voting by mail must be available for all state elections, state primaries, and presidential primaries.

Early voting by mail is also required for all local elections and preliminaries, unless the city or town opts out. In order to opt out of Vote by Mail for a local election, the selectmen, city council, or town council must hold a public hearing and public roll call vote to NOT allow Vote by Mail no later than 45 days before the date of the election. Cities and towns cannot opt out of Vote by Mail for a local election if the election is happening on the same day as a state election, state primary, or presidential primary.

Applications

As in 2020, the Elections Division will be mailing Vote by Mail applications at least 45 days before every regular state primary, state election, and presidential primary. The applications will be sent to everyone registered to vote by the 60th day before the election who has not
