Class Totals

K/1 - 23

2/3 - 20

4/5 - 14

Total Students - 57

2 students moved just before school started - in 1st and 2nd grade

3 students entering 4th grade moved to WT because their older sibling moved to 6th at WT.

Looking to next year.... If a majority of the preschool's student choose Chilmark for K (she has 17) that number would be added to 48 as we will lose 9 to matriculation, so for example if 15 come here our number in the school would be 64, and K/1 class would be 27. Class sizes in a multiage class should stay under 18.
