

Warren, Bill & Jim -

Before more time passes, we just wanted to express our gratitude to the Town. As young women, we had a vision of what a work place might be. We had a chance to make it happen.

We are so grateful that our town, our community embraced us. It was an enriching and heart warming 34 years.

It remains our hope

that the name Chilmark
Chocolates will stand for
what we worked together
to create.

gratefully
