Good afternoon all,

Please find attached the positive determination and plan for the recently submitted Chockers Way RDA.

This delineation is confirmed as accurate by the Conservation Commission. Please note that the resource areas confirmed in this Determination are binding as to all decisions rendered pursuant to the Wetlands Protection Act and its regulations regarding such boundaries for as long as this Determination is valid. (ie this locks in the resource delineation going forward)

Anna, please let me know if the BOH would like anything else.

Reid, please let me know if you'd like the hard copy for your records.

Best,

Kara
