Subject: RE: Chilmark: Request to Execute an Addendum to Vineyard Power & Cape Light Compact's Community First Partnership Agreement

Tim,

As regards to the Community First Partnership, we would be available to for the Tuesday, September 5th BOS meeting to discuss the Community First Partnership, the execution of the Addendum, and a status update on the program.

I am also drafting a separate reply to address your concerns about the VP Solar array at the landfill.

Best regards,

Richard
