

CONSERVATION COMMISSION REVISED AGENDA 11/6/19 @ 12:30 PM

Site Visits 11/5 @ 12:30 PM

1. 12:30 PM: Site Visit 11/5: PUBLIC HEARING NOI SE 12 – 852; REID SILVA FOR MIRANDA EDISON; 11 Pitch Pine Lane; AP 21-27: Stabilize an eroding coastal bank on Vineyard Sound by installing jute netting and planting American Beach Grass plugs. Approximately 55 sq. ft. of Coastal Bank will be altered for the planting.
2. 12:40 PM: Site Visit 11/5: PUBLIC HEARING RDA REID SILVA FOR G. CORSON AND CONSTANCE C. ELLIS; 21, 24 Bassett Place Rd.; AP 24-52, 56: Replace and maintain an existing seasonal pier with a fixed pier and seasonal float. Approximately 9.5 sq. ft. of Land Under Salt Ponds and Land Subject to Coastal Storm Flowage will be disturbed by the support piles.
3. 12:45 PM: Site Visit 11/5: PUBLIC HEARING NOI SE 12 - ???; REID SILVA FOR 2 CHOCKER'S LANE REALTY TRUST; 2 Chocker's Lane; AP 33-4: Renew an expired Order of Conditions (SE 12 – 621) to install and maintain a walking path with raised walkways over a salt marsh. The walking paths were mowed and a partial Certificate of Compliance was issued for this work. The raised walkways were never installed. Approximately 2 sq. ft. of salt marsh will be disturbed for 24 – 4X4 walkway support posts.
4. Site Visit 11/5: CONTINUED PUBLIC MEETING RDA REID SILVA FOR SHEPHERD'S PATH NOMINEE TRUST; 16 Shepherd's Path; AP 24-1: Install a post and wire fence by hand within the 100-foot buffer zone of a Bordering Vegetated Wetland. The closest activity is approximately 85 feet from the wetland edge.
5. Site Visit 11/5: DISCUSS UNPERMITTED CLEARING JAMES MALLOW AND EMILY ROSE; 5 Osprey Lane; AP 25-117.3: Possible activity with the ConCom jurisdiction was reported on 10/21. A site visit was made; observed extensive clearing within 100 feet of Chilmark Pond to the water's edge. Work was immediately stopped until further notice.
6. FOLLOW UP DISCUSSION SE 12 – 849; CESTAR; 12 Hill Land; AP 32-40: As conditioned before any work is done, review a recommended native species evaluation and revegetation plan for the area where the Phragmites will be flush cut to the ground. This pplan will cover a five year period with a final report at its conclusion.
7. EMERGENCY CERTIFICATION GEORGE SOURATI FOR PATRICK COURTNEY; 16 Old Nursery Lane; AP 10-7: The existing domestic water well failed. A request for and an Emergency Certification was issued to install a new well with water line and power trench approximately 41 feet from the wetland edge with appropriate siltation barriers to contain well cuttings.
