

# **OVERVIEW OF STATUTORY TREATMENT OF MUNICIPAL REVENUES**

This summary is intended to provide general information about municipal revenues and special funds under Massachusetts law. It is not designed to address all questions or issues about these revenues or funds. Nothing contained in this summary changes the laws that govern municipal revenues and special funds.

### **REVENUE TREATMENT**

A fundamental principle of municipal finance in Massachusetts is that <u>all revenue received or collected from</u> <u>any source</u> by a city, town or district department or official <u>belongs to the general fund</u> and can be spent for any lawful purpose <u>only after appropriation by the legislative body</u>. <u>G.L. c. 44, § 53</u>. No revenues can be segregated from the general fund into a separate fund to be reserved for specific purposes or spent without appropriation <u>unless expressly authorized by a statute (general law or session act)</u>.

## **GENERAL FUND REVENUES (Estimated Receipts)**

**Definition:** <u>all unrestricted</u> revenues, including real and personal property taxes, other local taxes, such as excises, special assessments and betterments, unrestricted local aid, investment and rental income, voluntary and statutory payments in lieu of taxes and other receipts <u>not expressly dedicated by statute</u>. The anticipated general fund revenues for a fiscal year constitute the tax levy as a financing source (raise and appropriate), which may be appropriated until the tax rate is set. Collections during the year above the estimates used to set the rate are not ordinarily available for appropriation until after the close of the fiscal year and certification by the Director of Accounts as part of the municipality's undesignated fund balance (free cash). <u>G.L. c. 59, § 23</u>.

## SPECIAL REVENUE FUNDS

**Definition:** <u>Particular</u> revenues <u>segregated</u> from the general fund into a <u>separate fund</u> and <u>earmarked</u> for expenditure for <u>specified purposes</u> by statute. Special revenue funds may be classified or categorized based on the availability of the funds for expenditure and need for a prior appropriation. Special revenue funds include annual revenue funds, receipts reserved for appropriation and revolving funds. They also include gifts and grants from governmental entities and private individuals and organizations. Special revenue funds must be established by statute.

## Annual Revenue Funds (Estimated Receipts)

**Definition:** Annual revenue streams <u>segregated</u> from the general fund into a <u>separate fund</u> and available as a separate financing source for services that generate, or for purposes supported by, those revenues. These include the revenues of enterprise funds established for services typically financed and delivered in a manner similar to private enterprises for the purpose of accounting for all costs, direct or indirect, of providing the services. Anticipated fund revenues for the fiscal year may be appropriated until the tax rate is set.

Examples of Annual Revenue Funds are:

Enterprise Funds (Utility, Health Care, Recreational, Transportation, Cable Television Public Access Facility)	<u>G.L. c. 44, § 53F<sup>1</sup>/2</u>
Community Preservation Fund	<u>G.L. c. 44B</u>
Light Plant Receipts (Appropriated by Light Plant Board)	<u>G.L. c. 164, § 57</u>

### **Receipts Reserved for Appropriation (Actual Collections)**

**Definition: Receipts from a specific revenue source <u>segregated</u> from the general fund into a <u>separate</u> <u>fund</u> and <u>earmarked</u> for <u>appropriation for specified purposes</u> by statute. Appropriations from the fund are limited to actual collections on hand and available (i.e., the unappropriated balance of actual collections).** 

Examples of <u>Receipts Reserved for Appropriation Funds</u> are:

Ambulance Receipts	<u>G.L. c. 40, § 5F</u>
Waterways Improvement and Maintenance Fund	<u>G.L. c. 60B, §§ 2(i)</u> & <u>4</u>
	<u>G.L. c. 40, § 5G</u>
Sale of Real Estate Proceeds	<u>G.L. c. 44, § 63</u>

### **Revolving Funds (Actual Collections)**

**Definition:** Receipts from a specific revenue source <u>segregated</u> from the general fund into a <u>separate</u> <u>fund</u> and <u>earmarked</u> for expenditure <u>without appropriation for specified purposes</u> by statute to support the activity, program or service that generated the receipts. Typically, revolving funds are authorized for programs or services with expenses that (1) fluctuate with demand and (2) can be matched with the fees, charges or other revenues collected during the year. The board or officer operating the program is usually given spending authority, but can only incur liabilities and spend from the actual collections on hand and available (i.e., the unspent and unencumbered balance of actual collections).

Examples of <u>Revolving Funds</u> are:

Arts Lottery Council Monies	<u>G.L. c. 10, § 58</u>
Municipal (if voted)/School Property Lease/ Rental Proceeds	<u>G.L. c. 40, § 3</u>

Outside Consultants Revolving Funds	<u>G.L. c. 44, § 53G</u>

#### TRUST AND AGENCY FUNDS

**Definition:** Fiduciary funds <u>segregated</u> from the general fund to account for assets held in a <u>trustee</u> <u>capacity</u> or as an <u>agent</u> for individuals, private organizations, other governmental units, etc. These include expendable trust funds, non-expendable trust funds, pension trust funds and agency funds.

Examples of Trust Funds are:
