Subject: Lucy Vincent beach permission

Dear Mr. Carol,

I'm writing this email to request permission for my wedding ceremony to be held on Lucy Vincent beach, June 17th, 2023.

Martha's Vineyard holds a very special place in my heart. My grandparents are long time residents and my parents as well. I've been coming year round since I was born and it feels like home more than anywhere else. Lucy Vincent, specifically, is our favorite sight to see on the island. It's magnificent beauty is like no other place earth. My fiancé proposed to me last winter there and it would mean the world to us if we could have our wedding ceremony in the same place.

We would like to do our vows at sunset, and there will be 9 people total with two cars.

Lastly, we were informed that we would need to attend the zoom meeting tomorrow night in order to see if permission will be granted. If you could provide more information about timing, ect. we would be more than happy to join.

I hope you will kindly consider our request.

Sincerely,
Shianne Harrington
