Hi everyone,

The Martha's Vineyard Commission is updating its Regional Transportation Plan (RTP) for 2024-2044, which provides an opportunity for the public to comment on how regional transportation projects and funding in Dukes County are prioritized over the next 20 years. As part of this process, the MVC has launched an online survey that we hope you will take a few minutes to fill out before June 23.

The survey can be accessed by clicking the following URL:

<https://www.surveymonkey.com/r/2024RTPsurvey>

The RTP is one of the primary transportation planning documents maintained by the MVC, along with the shorter-term [Transportation Improvement Program \(TIP\)](#), and [Martha's Vineyard Public Participation Plan](#). The RTP is updated every four years and includes detailed analysis of the transportation network, specific objectives and actions related to each transportation mode (automobile, bike, ferry, etc.), and proposed funding allocations over the next 20 years. The previous RTP from 2019 is available here:

Please let me know if you have any questions.

Thanks,

Alex
