Subject: MVC reappointment
Date: Monday, November 22, 2021 4:20:48 PM

Tim, I am writing to indicate my desire to be reappointed to the Martha's Vineyard Commission for the 2022 year.

As I think you know, I have been very active during my tenure as a commissioner. I have served as Chair of the Commission this year and, if nominated and elected, will serve a second one-year term (ie 2022).

As you know, participating as a commissioner can be a time consuming 'job' for a committed commissioner, which I believe I am. I regularly attend the weekly Land Use Planning Counsel meetings, and I continue to sit on various policy committees, the Executive Committee (which has responsibility for managing several matters of ongoing litigation), and the Finance Committee. I believe I have been instrumental in helping to ensure that the Commission is broadly serving the public interest. As the Chair, I have sought to be fair to all applicants and transparent in all dealings. I have a deep attachment to Chilmark and I hope you agree that I have been representing the Town's values as the Commission decides issues before it.

I would appreciate your putting this letter of interest before the Board at a December meeting.

Joan Malkin
