Subject: My (hopeful) reappointment to the MVC

Tim, It is that time of year again. For the Board:

I would like to be considered for reappointment to the MVC. I have now been a commissioner for probably 8 or 9 years. I am not aiming for a lifetime appointment, but I do think that with increased tenure comes very valuable experience and insights. As I am sure the Board is aware, I have served as Commission Chair for the last 3 years and have seen it through the turf wars, a raft of litigation (which I can comment on at the Board meeting if appropriate), significant affordable housing and other not-for-profit developments that serve Island interests, the development of the MVC's Energy and Historic Preservation Policies, the various MVC water quality initiatives and more. In addition, I am part of the Climate Action Task Force which, as the Board knows, is guiding the Island toward increased resilience and a fossil free environment. I believe I offer a thoughtful and disciplined perspective on the Commission and would very much like to be reappointed for the 2024 calendar year. Thank you very much for your consideration.
