Subject: Placement of Storage Containers in Menemsha during
Larsens Fish Market Construction 10/14/21 to 5/1/22

In developing a plan for the removal of the existing Fish Market and the construction of the new building, a need for storage of both new equipment and existing items has been realized. We are seeking permission to place (2) twenty foot long, eight foot wide containers side by side in a nearby location. The container exteriors would be gray in color with no advertising. The closest location would be in the "sand lot parking area" adjacent to the Restrooms. If this is problematic, our default location would be 150 ft. away on Karsten Larsen's Bulkhead Lot.

If you have any questions, please contact me at sloaner01@msn.com or (508) 208-0025. Thanks for the assistance.
