Subject: SE corner Commercial Dock repair
Date: Monday, July 25, 2022 10:04:15 AM

Good Morning,

John Packer will begin working on the emergency repair to the SE corner of the Commercial Dock tomorrow morning. He believes this will be a two day project. I am writing you to figure out where we plan to fund this repair. I could pay the bill using the Harbor Department's Facilities Maintenance line but that would leave us with \$0 for facilities maintenance for the rest of the year including next spring. Can this please be added to the Agenda for the first August SB meeting to figure out possible options for paying for this repair?

Respectfully,

Ryan Rossi
