To: Tim Carroll & The Chilmark Select Board
From: The Conservation Commission
CC: Dilly DeBlase
Date: September 7, 2021
Re: Conservation Agent Appointment

At their meeting on September 7, 2021, the Chilmark Conservation Commission voted to recommend to the Select Board that Kara Shemeth be appointed as the Chilmark Conservation Agent.

Her qualifications include completion of the MACC Fundamentals for Conservation Commissioners certificate and she holds a Master of Science Degree in Environmental Policy & Management with a focus in Public Policy.

She has been executing the duties of the Conservation Agent for several months and we are confident in her abilities in this role moving forward.
