Chilmark, MA 02535

RE: Lisa Zabel, #225 State Road, Asr. Pcl. 33-122, VLSE Job No. 1904-1

Dear Members,

Enclosed please find One (1) copy of a septic design plan prepared for Lisa Zabel at the above referenced property.

The Town of Chilmark Zoning Bylaw section 4.2A.1c requires Board of Health approval of a separate septic system for the exclusive use of a guest house prior to approval of the construction permit for the structure. This septic plan is being submitted to demonstrate that this zoning requirement can be fulfilled by the proposed alternative septic location shown on the plan.

This alternative septic plan is not to be construed as a complete plan, nor it is to be utilized for any permitting or installation activities.

If you have any questions or comments regarding this matter, please feel free to give me a call.

Sincerely,

A handwritten signature in black ink, appearing to read 'Meegan Lancaster', written in a cursive style.
