**Cc:** 'Tim Carroll' (execsec@chilmarkma.gov)  
**Subject:** appointment to the MVCommission

Dear Selectmen,

The appointed position as Commissioner on the Martha's Vineyard Commission is up for reappointment (for a 1-year term to commence on Jan1, 2020). I would very much like to be reappointed.

I am a very active Commissioner. In addition to attending and contributing at nearly every regular Commission and LUPC meeting, I am on the Executive Board (as Chair of the Planning and Economic Development Committee) and meet regularly with the Commission Chair, Doug Sederholm, and the Executive Director of the Commission, Adam Turner, to review and discuss matters pending before the Commission. I am also on the ad hoc DRI Checklist Review Committee - we are in the process of finalizing a biennial review of the Checklist. I have been the principal draftsperson for the revised Checklist. I am also one of 3 Commission members on the MVC Climate Action Task Force which is working collaboratively with a broad array of Islanders principally to provide policy guidance to the Commission on climate change issues and to facilitate the efforts to adopt Master Plans for Energy and Adaptation.

Commission plans for 2020 include an Energy Policy, a review of the DRI regulations, and a 'Big House' policy. I expect to be involved in each of these initiatives.
