

**Subject:** Energy committee May meeting notes

**From:** Robert Hannemann <robhannemann48@gmail.com>

**Date:** 6/4/19, 11:09 AM

**To:** Jerald K <jeraldkatch@gmail.com>, Stephen Lewenberg <lewenberg@cornell.edu>, Mike Jacobs <mike\_windpower@yahoo.com>, Mollie Doyle <molliemdoyle@gmail.com>, Jonah Maidoff <jmaidoff@gmail.com>

**CC:** "robhannemann48@gmail.com" <robhannemann48@gmail.com>

These notes are our informal version of meeting minutes. Please let me know if there are corrections needed.

---

Attended: Lewenberg, Katch, Hannemann, Jacobs (phone)

- Mike Jacobs agreed to project-manage the next steps in our Green Communities application. This work will proceed with the assistance of Cape Light Compact (Margaret Song). Jed volunteered to help as needed.
- Steve Lewenberg agreed to take over as Chilmark CVEC (Cape and Vineyard Electric Cooperative) director. This will need to be approved / noted by the Town, and then I'll formally resign from that post.
- Rob will work to get the solar Schedule Z spreadsheet completed (to aid Tim Carroll and the town accountant).
- Steve volunteered to develop a proposal for municipal EV charging stations. Jed volunteered to help as needed. I have attached the CVEC program for EVs and chargers. I'd note that there are other sources of funds if needed, though the CVEC program is priced right!
- Although we did not discuss this at the meeting, I met with Mollie Doyle, who will be joining our committee. As an initial contribution, Mollie will be developing a draft mission statement / charter for the CEC. Thanks, Mollie.

I have attached a contact list, not only for the CEC but also for other energy committee members on the Island. This is (mostly) up to date.

/rob
