### CIP-1&2 Info Sheet

#### CIP 1-

Project Title: Police Ball Field upgrades/improvements: jungle gym, picket fence, signage, landscaping.

Estimated Project Cost: \$25,000

FY25 Request- \$2,000 (removal of jungle gym)

FY26 Request- \$10,000

FY26-30 Request-\$13,000

#### CIP 2-

Project description-I am requesting the elimination of the current jungle gym located in the Police Department ballfield. The jungle gym is in disrepair and is definitely a liability for the town. The initial priority should be to remove the jungle gym. Future replacement of the jungle gym is a discussion for the town to decide. There are sections of the white picket fence along State Road are in disrepair and need to be removed. The fence could be replaced with a split rail fence with a removeable section to allow cars to pull into the field for overflow parking during larger events. Accessing the lot directly from State Road would eliminate vehicles driving over parts of the septic/leaching field. The current area of signage is cluttered and confusing. Clean up of that fenced area and possibly installing a large boulder to create a border with updated signage/landscaping will improve the appearance and professional look of the building.
