Re: 16 Harbor Hill – Pier work SE12-706 (expired) and SE12-855 (recorded)
RMJ Dock LLC - 16 Harbor Hill (AP 27.1-104)

Dear Sarah & Bob:

As you know the Chilmark Conservation Commission recently determined that work had begun on the pier at 16 Harbor Hill without meeting the condition that an onsite meeting between the board administrator and contractor take place on site. The order of conditions had not been recorded but as of this week, the order of conditions has been properly recorded at the Dukes County Registry of Deeds.

Before work may continue, an onsite meeting with the contractor and the board administrator must take place. I am scheduling a time to meet with John Packer and Reid Silva on site. Once this meeting takes place, work may continue from the Conservation Commission's standpoint.

The Commission appreciates your attention to this matter and in the future expects any permit issued by this board to be followed accurately.

Sincerely,

Kara Shemeth

Chilmark Conservation Commission

Board Administrator
