ARTICLE 9. To see if the Town will vote to approve the following general bylaw, or take any action relative thereto:

Plastic Water and Soft Drink Bottle Bylaw Section 1: Findings and Purpose

Water and soda bottles made of plastic are hazardous to health, economy, and the environment. The purpose of this bylaw is to restrict the sale and distribution of such bottles.

For example:

1. Plastic bottle waste is overwhelming society's ability to manage it. Americans discard an estimated 30 million tons of plastic annually, with only 8 percent recycled.

2. Chemical components of plastic are detected in biological systems, including human beings. Exposure comes through food, water, and clothing, and has been associated with a range of health effects.

3. More than 8 million tons of plastic flows into our oceans annually, impacting wildlife and breaking down into smaller and smaller pieces, called micro-plastics.

4. Micro-plastics are found in the fish and shellfish we eat, and in the bottled water we drink.

5. Action is occurring worldwide to address this problem. Regionally, Nantucket and several MA towns have banned plastic water bottles.

6. Action on Martha's Vineyard includes placement of water bottle refill stations in

every school and in public places. More are planned.

7. This Island community has an opportunity to provide leadership to reduce reliance on plastic. It is the right thing to do for the sake of our food, our water, our health, and our planet.

Plastic Water and Soft Drink Bottle Bylaw Section 2: Regulated Conduct

2.1 It shall be unlawful to sell or distribute (a) non-carbonated, unflavored water, and (b) soft drinks in plastic (including polyethylene terephthalate – PET) bottles of less than 34 ounces in the Town of Chilmark. For the purposes of this bylaw, 'soft drink' means any beverage containing carbonated water, a sweetener (including fruit juice) and/or a flavoring.

2.2 Sales or distribution of drinking water in plastic bottles occurring subsequent to a declaration (by the Emergency Management Director or other duly authorized Town, County, Commonwealth or Federal official) of an emergency affecting the availability and/ or quality of drinking water to residents of the Town shall be exempt from this bylaw until seven days after the declaration has ended.

3.1 Enforcement of this bylaw shall be the responsibility of the Board of Selectmen or its designee(s). The Board of Selectmen shall determine the inspection process and shall incorporate the process into other Town duties as appropriate.

3.2 Any person, individually or by his servant or agent, who violates any provision of this bylaw may be penalized by a non-criminal disposition pursuant to G.L. Chapter 40, Section 21D and the Town's non-criminal disposition bylaw. The following penalties apply:

first violation:	Written warning
second violation:	\$50 fine
third and subsequent violations:	\$100 fine

Each day the violation continues constitutes a separate violation.

Section 4. Suspension of the Bylaw

4.1 If the Board of Selectmen determines that the cost of implementing and enforcing this bylaw has become unreasonable, the Board of Selectmen shall conduct a Public Hearing to inform the citizens of such costs. Subsequent to the Public Hearing, the Board of Selectmen may continue this bylaw in force or may suspend it permanently or for such length of time as they may determine.

Section 5: Effective Date 5.1 This bylaw takes effect on January 1, 2020.

The Moderator read Article 30. The Article was moved and seconded. Mr. Robert Hannemann, Chilmark Energy Committee member provided a brief summary of the intent of the Article and there was brief discussion. The Moderator brought the Article to a vote.

MODERATOR DECLARED ARTICLE 30 PASSED UNANIMOUSLY

ARTICLE 31. To see if the Town will vote to amend the Zoning Bylaws by adding the following new Article creating “**As-of-Right**” **Large Solar Installations**:

Article 15: Large-Scale Ground-Mounted Solar Photovoltaic Installation District

PURPOSE

Section 15.0 The purpose of this Article is to promote the creation of new large-scale ground-mounted solar photovoltaic installations by providing standards for the placement, design, construction, operation, monitoring, modification, maintenance and removal of such installations that address public safety, minimize impacts on scenic, natural and historic resources and provide adequate financial assurance for the eventual decommissioning of such installations.

DISTRICT BOUNDARIES (DESIGNATED AREA)

Section 15.1 The Large-Scale Ground-Mounted Solar Photovoltaic Installation District shall be described as follows: Assessors Map 13, parcel 28.

APPLICABILITY

Section 15.2 This Article applies to Solar Installations proposed to be constructed after the effective date of this Article. This Article also pertains to modifications of these installations or related equipment. This Article does not apply to solar photovoltaic installations that are smaller than 250kW or those which are not ground-mounted.

PERMITTED USE

SECTION 15.3

A. Solar Installations

DEFINITIONS

Section 15.4

Owner means the owner of the Solar Installation and includes, where the context permits, the then-current owner.

Solar Installation means a large-scale ground-mounted solar photovoltaic system that is structurally mounted on the ground and is not roof-mounted, and that has a minimum rated nameplate capacity of 250 kW (DC) or more (where the nameplate capacity is the maximum rated output of electric power production of the photovoltaic system in direct current).

GENERAL REQUIREMENTS FOR LARGE SOLAR INSTALLATIONS

Section 15.5 Solar Installations proposed to be sited in the Large-Scale Ground-Mounted Solar Photovoltaic Installation District are subject to the requirements set out in this section. These requirements also apply to physical modifications that materially alter the type, configuration, or size material modifications of Solar Installations or related equipment.

- A. **Compliance with Laws, Bylaws and Regulations:** The construction, operation and maintenance of all Solar Installations shall be in compliance with all applicable local, state and federal requirements, including but not limited to all applicable safety, construction, electrical, and communications requirements. All buildings and fixtures forming part of a Solar Installation shall be constructed in accordance with the State Building Code.
- B. **Building Permit and Fees:** No Solar Installation shall be constructed, installed or modified without first obtaining a building permit. The application for a building permit for a Solar Installation must be accompanied by the applicable fee.
- C. **Planning Board Review:** Prior to the construction or modification of a Solar Installation (as applicable), the applicant must provide the documents detailed in section D below for review by the Planning Board. The purpose of the Planning Board review is to determine whether the proposed use complies with this section and whether the site design conforms to established standards and zoning requirements, including in regard to safety, access, landscaping.
- D. **Required Documents**
 1. A project summary, together with a site plan showing:
 - a. property lines and physical features, including roads, for the project site;
 - b. proposed changes to the landscape of the site, grading, vegetation clearing and planting, exterior lighting, screening vegetation or structures; and
 - c. the zoning district designation for the parcel(s) of land comprising the project site;
 2. Blueprints or drawings of the Solar Installation showing the proposed layout of the system (including the location of each item of electrical equipment) and any potential shading from nearby structures;
 3. One- or three-line electrical diagram detailing the Solar Installation, associated components, and electrical interconnection methods, with all Massachusetts Electrical Code compliant disconnects and overcurrent devices;
 4. Documentation of the major system components to be used, including the PV panels, mounting system, and inverter;

5. Name, address, phone number, and signature of the applicant(s), any agent(s) representing the applicant(s), and the owner(s)/developer(s) if the applicant is not the owner or developer. Such data must be provided for all co-applicants and co-owners, if any;
6. Name, address, and contact information of the person responsible for the installation of the proposed project;
7. Description, with accompanying documentation, of proposed access control arrangements for the project site both for the construction phase and the operation of the installation thereafter.
8. An operation and maintenance plan, which must include measures for maintaining safe access to the installation, storm water controls, as well as general procedures for operational maintenance of the installation;
9. Proof of liability insurance;
10. An estimate of the total costs associated with decommissioning the Solar Installation in accordance with section 15.5L.1, prepared by a qualified engineer, which costs shall include a mechanism for calculating increased costs due to inflation and potential regulatory changes; and
11. A public outreach plan, including a project development timeline, which indicates how the applicant will inform abutters and the community.
All plans, maps, blueprints and drawings shall be prepared, stamped and signed by a Professional Engineer licensed to practice in Massachusetts.

E. Design Standards:

1. **Lighting:** Lighting of Solar Installations shall comply with Article 5 of these bylaws and shall otherwise be consistent with local, state and federal law. Lighting of other parts of the installation, such as appurtenant structures, shall be limited to that required for safety and operational purposes, and shall be reasonably shielded from abutting properties. Where feasible, lighting of the installation shall be directed downward and shall incorporate full cut-off fixtures to reduce light pollution.
2. **Signage:** Signs on Solar Installations shall comply with Article 5 of these bylaws. A sign consistent with the sign bylaw shall be required to identify the facilities owner and operator, if different, and provide a 24-hour emergency contact phone number. Solar Installations shall not be used for displaying any advertising except for reasonable identification of the manufacturer or operator of the installation.
3. **Noise:** The Planning Board may require some or all associated electrical equipment to be located in a sound-insulating enclosure to reduce acoustic noise. The location of the enclosure must be approved by the Board. Any such equipment which the Board does not require to be so located must comply with the provisions of Article 5 of these bylaws. The Board may also require that the applicant perform and provide the results of a sound impact assessment.
4. **Prevention of Access:** All Solar Installations shall be constructed to prevent unauthorized access and/or climbing.
5. **No-Cut Zone:** A 50' no-cut zone shall be observed around the inside perimeter of the lot on which the Solar Installation is located, provided that trees may be pruned or topped if necessary to ensure solar absorption by the panels of the installation.

F. Safety and Environmental Standards:

1. **Emergency Services:** The owner or operator shall provide a copy of the project summary, electrical schematic, and site plan to the local fire chief. Upon request the owner or operator shall cooperate with local emergency services in developing an emergency response plan. All means of shutting down the installation shall be clearly marked. The owner or operator shall identify and provide contact details for the person responsible for public inquiries and shall update this information throughout the life of the installation, as required.
 2. **Land Clearing, Soil Erosion and Habitat Impacts:** Clearing of natural vegetation shall be limited to what is necessary for the construction, operation and maintenance of the installation or what is otherwise prescribed by applicable laws, regulations, and bylaws.
- G. **Setbacks:**
1. The Solar Installation, including all equipment comprising the system, shall be set back a minimum of 50 feet from each boundary line of the lot on which the installation is located.
- H. **Appurtenant Structures:** The site and appurtenant structures shall be subject to all applicable provisions of these bylaws, and such other reasonable standards as the Planning Board may determine, concerning bulk and height, lot area, setbacks, open space, parking, building coverage requirements and use restrictions. All such appurtenant structures, including but not limited to, equipment shelters, storage facilities, transformers, and substations, shall be architecturally compatible with each other. Whenever reasonable, structures should be shaded from view by vegetation and/or joined or clustered to avoid adverse visual impacts.
- I. **Utilities:**
1. **Notification:** No Solar Installation shall be constructed until evidence has been given to the Planning Board that the utility company that operates the electrical grid where the installation is to be located has been informed of the owner or operator's intent to install an interconnected customer-owned generator. Off-grid systems shall be exempt from this requirement.
 2. **Connections:** All utility connections from the installation must be placed underground unless it is impracticable to do so. The Planning Board will determine impracticability on the basis of soil conditions, shape and topography of the site and the requirements of the utility provider. Electrical transformers for utility interconnections may be above ground if required by the utility provider.
- J. **Monitoring and Maintenance:** The owner or operator shall monitor access to and safety of the site and shall maintain the facilities in good condition. Maintenance shall include, but not be limited to, painting, structural repairs, integrity of security measures, and landscape maintenance. Site access shall be maintained to a level acceptable to the local Fire Chief and Emergency Medical Services. The owner or operator shall be responsible for the cost of maintaining the installation and site and any access road(s) (unless accepted as a public way).
- K. **Decommissioning Requirements**
1. **Discontinuance of Operations:** Any Solar Installation that has reached the end of its useful life shall be decommissioned. The owner or operator shall

notify the Planning Board by certified mail of the proposed date of discontinued operations and plans for decommissioning. The owner shall complete decommissioning of the installation no more than 150 days after the proposed date of discontinued operations. Decommissioning shall consist of:

- a. physical removal of the Solar Installation, all structures, equipment, security barriers and transmission lines from the site;
 - b. disposal (including recycling to the extent possible) of all solid and hazardous waste in accordance with local, state, and federal waste disposal regulations; and
 - c. stabilization or re-vegetation of the site as necessary to minimize erosion. The Planning Board may allow the owner or operator to leave landscaping or designated below-grade foundations in order to minimize erosion and disruption to vegetation.
2. **Abandonment:** Absent notice of a proposed date of decommissioning or written notice of extenuating circumstances, the Solar Installation shall be considered abandoned when it fails to operate for more than one year without the written consent of the Planning Board. The owner of an abandoned Solar Installation must complete the decommissioning of the installation in accordance with the requirements of section 15.5.K.1 above within 150 days of the date the installation has been deemed abandoned.
 3. **Lease Expiry:** If, upon expiry of any term of the ground lease for the Solar Installation, the lease is not renewed, the owner of the Solar Installation must complete the decommissioning of the installation in accordance with the requirements of section 15.5.K.1 above within 150 days of the expiry of the lease.
 4. **Failure to Decommission:** If the owner of the Solar Installation fails to complete the decommissioning as required, the Town may enter the property and physically remove the installation and otherwise complete the decommissioning.
 5. **Financial Surety:** The owner of a Solar Installation shall provide a form of surety, either through escrow account, bond or otherwise, to cover the cost of decommissioning in the event the Town must decommission the installation. The Planning Board shall determine the amount and form of the surety. Such surety will not be required for Town- or State-owned facilities.

NO ACTION taken by the Finance Advisory Committee - 7 Ayes - 0 Nays

The Moderator read a portion of Article 31 and then inquired with the voters if any voter would ask that the Article be read aloud in entirety. No voter requested the Article to be read aloud. The Moderator declared he would not read the Article aloud. The Article was moved and seconded. The Moderator declared the Article would need a 2/3rds vote to pass. The Moderator opened the Article for discussion. There was brief discussion regarding the meaning of "as-of-right". Mrs. Sarah Cook stood and asked to indefinitely postpone the Article. There was no second to the motion. There was further brief discussion. The Moderator brought the Article to a voice vote. The voice vote was unclear. The Moderator called for all those not in favor of the Article to please stand. The Moderator counted those standing.

MODERATOR DECLARED ARTICLE 31 PASSED, 160 AYES-6 NAYS

ARTICLE 32. To see if the town will vote to authorize the Board of Selectmen and Housing Committee to engage in discussions and negotiations with the Dukes County Regional Housing Authority and the other Island towns to develop a proposed Home Rule Petition in support of the formation of a Martha's Vineyard Housing Bank and

submit same to the state legislature with the resulting enabling legislation to be voted on by the Towns once complete, public hearings should be held in each town prior to the submittal of the petition to the legislature, and to apportion a percentage of any short-term rental tax receipts in fiscal year 2020 to the Molly Flender Affordable Housing Trust, with the intention that such monies be used in support of the town's participation in the Martha's Vineyard Housing Bank upon its joining the Housing Bank.

The Moderator read Article 32. The Article was moved and seconded. Selectman James Malkin stood and explained it was the intention of the Board of Selectmen to communicate the Town's commitment to affordable housing and that the Board of Selectmen supports the concept behind the Housing Bank articles proposed in Articles 33 & 34, but that Articles 33 & 34 are problematic in the areas of governance, legality, terminology, and enforcement. Mr. Malkin stated the Board of Selectmen would like to work to bring forward a better plan. Mr. Jim Feiner, Chilmark Housing Committee chairperson, stood to support Article 32 and stated Article 32 represents a preferable way for the Town to address affordable housing need. Selectman Warren Doty stood to explain the impact of the short-term rental tax. Brief discussion occurred regarding the percentage of short-term rental tax receipts that may be apportioned to affordable housing, if the Article passed. Regarding the use of short-term rental tax receipts, Finance Committee member Eric Glasgow was recognized and noted various upcoming needs that may come before the Town that will need to be balanced against the need for affordable housing. Mr. Frank Dunkl stood to speak in support of efforts to provide affordable housing. Ms. Barbara Armstrong stood and stated her support for the Article and offered an amendment to the Article to eliminate the words, "in fiscal year 2020". The motion to amend was not seconded. Mr. Frank Fenner stood and offered a second amendment to the Article to eliminate all text after the words, "Martha's Vineyard Housing Bank", ending on the fifth line down. The motion to amend was seconded. There was further brief discussion regarding how the Article may be implemented, if passed. Town Counsel was recognized and stated Article 32 does not indicate what percentage of money may be placed in the Molly Flender Affordable Housing Trust and, therefore, there is no mandate of what must be done in the future. Town Counsel further stated the Board of Selectmen will need to come back before the Town in order to allocate a specific amount to the Molly Flender Affordable Housing Trust. There was no further discussion on the amendment. The Moderator read the Article as amended. The Moderator brought the amendment to Article 32 to a vote.

MODERATOR DECLARED THE AMENDMENT TO ARTICLE 32 FAILED

The Moderator asked if there was any further discussion. There was none. The Moderator brought Article 32 to a vote.

MODERATOR DECLARED ARTICLE 32 PASSED

ARTICLE 33. To see if the Town will vote to authorize the Board of Selectmen to petition the General Court, in compliance with Clause (1), Section 8 of Article LXXXIX of the Amendments of the Constitution, to the end that legislation be adopted precisely as follows. The General Court may make clerical or editorial changes of form only to the bill, unless the Board of Selectmen approves amendments to the bill before enactment by the General Court. The Board of Selectmen is hereby authorized to approve amendments that shall be within the scope of the general public objectives of this petition.

AN ACT CREATING THE MARTHA'S VINEYARD HOUSING BANK

Chapter _ of the Acts of _

Section 1. There is hereby established a Martha's Vineyard Housing Bank (the "Housing Bank"), the purpose of which shall be to provide for the preservation and creation of

year-round housing on the Island of Martha's Vineyard. The Housing Bank is hereby constituted a body politic and corporate and a public instrumentality and the exercise of the powers herein conferred upon the Housing Bank shall be deemed to be the performance of an essential governmental function.

Section 2. The Housing Bank shall be administered by a Housing Bank Commission consisting of seven (7) persons.

2.1 Membership: There shall be one (1) person who is a legal resident of each of the towns of Aquinnah, Chilmark, Edgartown, Oak Bluffs, Tisbury and West Tisbury, each person to be elected to a 3-year term, in the same manner as other elected town officials. The initial terms, drawn by lot by the initial six (6) appointed members, shall be staggered so that two (2) members are elected each year, following the initial election of members, and each of the six (6) town boards of selectmen shall, respectively, appoint the initial six (6) members to serve from the effective date of this act until the first elections of the regular members at each town's regular or special town election after the effective date of this act. One (1) member shall be appointed to a 3-year term by the Dukes County Regional Housing Authority.

2.2 Vacancies: Should a vacancy occur during the term of the elected town commissioner, the town's Municipal Housing Trust ("MHT") and the board of selectmen shall jointly appoint an interim member to serve until the next scheduled town election.

2.3 Administration: Members shall serve without compensation. The initial appointed members shall adopt temporary rules and regulations to the extent necessary to conduct business until the regular members are elected. The Housing Bank Commission shall elect from among its regular members a chairman and a vice chairman and a secretary and a treasurer who may be the same person. The members of the Housing Bank Commission shall adopt, after holding a public hearing and after requesting recommendations from the Board of Selectmen of the six member towns that comprise the commission, rules and regulations for conducting its internal affairs and procedural guidelines for carrying out its responsibilities under this act.

2.4 Quorum: A quorum shall be four (4) or more members. Decisions of the Housing Bank Commission shall be by majority vote at a meeting where a quorum is present. The Housing Bank Commission shall make rules regarding attendance. The Housing Bank Commission shall keep accurate records of its meetings and actions and shall file an annual report that shall be distributed with the annual report of each member town.

2.5 Conflict of interest: When members of the Housing Bank Commission hold other public offices and have to act in dual public positions, no conflict of interest shall be assumed in as much as both positions are serving the public interest and no compensation is received. However, if a Housing Bank Commission member or an MHT member also represents an organization that may benefit from a project being considered for a grant from the Housing Bank Commission, the member must declare a possible conflict of interest and shall not participate in the consideration and action on that grant application.

Section 3. Each Town's MHT shall assist the Housing Bank Commission in reviewing projects in their respective towns.

Section 4. The Housing Bank Commission shall, subject to this act, have the power and authority to:

- a) accept and receive real property, personal property or money, by gift, grant, contribution, devise or transfer from any person, firm, corporation or other public or private entity, including but not limited to money, grants of funds or other property tendered to the Housing Bank in connection with any ordinance or bylaw or any general or special law or any other source, including money from Chapter 44B, provided, however that any such money received pursuant to Chapter 44B shall be used exclusively for community housing and shall remain subject to all rules, regulations and limitations of that chapter;
- b) purchase and retain real or personal property, including without restriction investments that yield a high rate of income or no income;
- c) sell, lease, exchange, transfer or convey any personal, mixed, or real property at public auction or by private contract for such consideration and on such terms as to credit or otherwise, and to make such contracts and enter into such undertaking relative to Housing Bank property as the Housing Bank Commission deems advisable notwithstanding the length of any such lease or contract;
- d) execute, acknowledge and deliver deeds, assignments, transfers, pledges, leases, covenants, contracts, promissory notes, releases and other instruments sealed or unsealed, necessary, proper or incident to any transaction in which the Housing Bank Commission engages for the accomplishment of the purposes of the Housing Bank;
- e) employ regular staff, advisors and agents, such as accountants, appraisers and lawyers, as the Housing Commission deems necessary;
- f) purchase and retain and/or lease real property for the Housing Bank's internal administrative purposes and to dispose of same as and when the Housing Commission deems advisable.
- g) pay reasonable compensation and expenses to all employees, advisors and agents and to apportion such compensation between income and principal as the Housing Commission deems advisable;
- h) apportion receipts and charges between income and principal as the Housing Commission deems advisable, to amortize premiums and establish sinking funds for such purpose, and to create reserves for depreciation, depletion or otherwise;
- i) participate in any reorganization, recapitalization, merger or similar transactions; and to give proxies or powers of attorney with or without power of substitution to vote any securities or certificates of interest; and to consent to any contract, lease, mortgage, purchase or sale of property, by or between any corporation and any other corporation or person;
- j) deposit any security with any protective reorganization committee, and to delegate to such committee such powers and authority with relation thereto as the Housing Commission may deem proper and to pay, out of Housing Bank property, such portion of expenses and compensation of such committee as the Housing Commission may deem necessary and appropriate;
- k) carry property for accounting purposes other than acquisition date values;
- l) borrow money on such terms and conditions and from such sources as the Housing Commission deems advisable, to mortgage and pledge Housing Bank assets as collateral;
- m) make distributions or divisions of principal in kind;
- n) comprise, attribute, defend, enforce, release, settle or otherwise adjust claims in

favor or against the Housing Bank, including claims for taxes, and to accept any property, either in total or partial satisfaction of any indebtedness or other obligation, and subject to the provisions of this act, to continue to hold the same for such period of time as the Housing Commission may deem appropriate;

- o) hold all or part of the Housing Bank property uninvested for such purposes and for such time as the Housing Commission may deem appropriate;
- p) extend the time for payment of any obligation to the Housing Bank; and
- q) adopt such regulations and procedures as it deems necessary or appropriate to provide funding for the implementation of any and all programs cited in section 4A of this act.

Section 4A. The Housing Bank may provide funding as described in this Act. Upon applications from non-profit and for-profit corporations and organizations and public entities in a competitive process which will include public notice of funding availability, and in a form prescribed by the Housing Bank, funding in the form of grants, loans, loan guarantees, lines of credit, interest subsidies, rental assistance or any other means determined to further the goals of the Housing Bank for eligible housing activities might be provided. Eligible activities shall include, but not be limited to, the following:

- Purchase and rehabilitation of existing structures for rental or home ownership;
- Construction of rental or home ownership housing and necessary infrastructure;
- Purchase of land, and any and all improvements including infrastructure and easements to be used for qualified housing;
- Down payment assistance, grants and soft second loans;
- Rental assistance programs;
- Modernization and capital improvements of existing rental and ownership housing;
- Housing counseling, predevelopment costs and technical assistance associated with creating housing projects and programs.

Section 4B. Each member town is hereby authorized to appropriate money to be deposited in the Fund as provided in section 6.

Section 4C. The Housing Bank is authorized to issue bonds and notes to further the purposes of the Housing Bank but only if the issuance of these bonds or notes has been approved by a majority of the Trustees of all member towns' MHTs.

Section 40. The Housing Bank and all its revenues and income used solely by the Housing Bank in furtherance of its public purposes shall be exempt from taxation and from betterments and special assessments, and the Housing Bank shall not be required to pay any tax, excise or assessment to or for the commonwealth or any of its political subdivisions.

Section 5. All housing units created through funding by the Housing Bank under this act shall be deed restricted in perpetuity for the use approved for funding by the Housing Bank Commission.

Section 6. The Housing Bank Commission shall meet its financial obligations by drawing upon a fund to be set up as a revolving or sinking account of the Housing Bank Commission (the "Fund"). Deposits into the Fund shall include (a) funds appropriated, borrowed or transferred to be deposited into the Fund by vote of the county commissioners of the county of Dukes County or of town meetings of the towns represented in the Housing Bank Commission; (b) voluntary contributions of money

and other liquid assets to the Fund; (c) grants of funds tendered to the Housing Bank by each member town in connection with any ordinance or bylaw or any general or special law or any other source, including without limitation state and/or federal grants.

All expenses lawfully incurred by the Housing Bank Commission in carrying out this act shall be evidenced by proper vouchers and shall be paid by the treasurer of the Housing Bank Commission only upon submission of warrants duly approved by the Housing Bank Commission. The Housing Bank Commission treasurer shall prudently invest available assets of the Fund in accordance with the regulations and procedures adopted by the Housing Bank Commission under sections 2.3 and 4(q), and all income from its investments shall accrue to the Fund.

Section 6A. Money from the Fund may be expended by the Housing Bank Commission, subject to approval of a majority of the Trustees of the MHT of the town in which a project is located. In cases of regional housing projects, money from the Fund may be expended subject the permission of a majority of the Trustees of the MHTs of each town in which the project is located.

Section 7. The Housing Bank Commission shall keep a full and accurate account of its actions including a record as to when, from or to whom, and on what account money has been paid or received under this act. These records or accounts shall be subject to examination by the director of accounts or the director's agent pursuant to section 45 of chapter 35 of the General Laws.

Section 8. This act, being necessary for the welfare of the member towns and the island of Martha's Vineyard and their inhabitants, shall be liberally construed to effect its purposes.

Section 9. Acceptance of this act, by each of the towns of Aquinnah, Chilmark, Edgartown, Oak Bluffs, Tisbury and West Tisbury shall be by the affirmative vote of a majority of the voters at any regular or special town election at which the question of acceptance has been placed on the ballot. This act shall become effective on the date on which acceptance by no fewer than three (3) towns has been effected. Additional towns may elect to participate in the Housing Bank after the effective date of this act by affirmative vote of a majority of the voters at any regular or special town election at which the question of acceptance has been placed on the ballot.

Section 10. Any time after five (5) years from the date on which a town votes to accept this act in accordance with Section 9, any town that is a member of the Housing Bank may withdraw from it by the affirmative vote of a majority of the voters at any regular or special town election. A town that has withdrawn remains liable for any obligations prior to withdrawal. A town that has withdrawn may renew its membership by the affirmative vote of a majority of the voters at any regular or special town election at which the question of acceptance has been placed on the ballot.

If the Housing Bank is reduced to fewer than three (3) member towns, the Housing Bank shall be dissolved. Upon dissolution of the Housing Bank, title to all funds and other properties held by the Housing Bank shall vest in the towns of the Island of Martha's Vineyard as herein provided after provision is made for payment of all bonds, notes and other obligations of the Housing Bank.

ARTICLE 34. To see if the Town will vote to authorize the Board of Selectmen to petition the General Court for a Special Act substantially in the form set forth below, provided that the General Court may make clerical or editorial amendments to the form of said proposed Special Act, and provided further that the Selectmen shall have the authority to approve and accept any such amendments that shall be within the scope of the objectives of this petition.

An Act providing funding for the Martha's Vineyard Housing Bank Chapter _ of the Acts of _

Section 1. The Town of Chilmark has elected to impose a local excise tax upon the transfer of occupancy of a room in a short-term rental, as authorized by Section 3A of Chapter 64G of the General Laws and as further set forth in Section 6 of Chapter 337 of the 2018 Acts of Massachusetts. The Town has elected to impose said tax at the rate of four (4%) percent of the total amount of rent for each such occupancy.

Section 2. The Martha's Vineyard Housing Bank is a body politic and corporate, established under Chapter _ of the Acts of 20_. Said Housing Bank is established under said Act for the sole purpose of the preservation and creation of year-round housing on the island of Martha's Vineyard, in the County of Dukes, as may be further defined in such Act and the regulations promulgated thereunder. Under Section 4B of said Act, the Town is empowered to appropriate funds for the benefit of said Housing Bank.

Section 3. Fifty (50%) percent of the total amount of tax collected by the Town of Chilmark under G.L. c. 64, as aforesaid, shall be appropriated and transferred to the Martha's Vineyard Housing Bank, such funds to be restricted for use by the Housing Bank for the preservation and creation of year-round housing on the island of Martha's Vineyard.

Section 4. This Act shall take effect upon both the effectiveness of the Town's election under G.L. c. 64G as aforesaid and the passage of the aforementioned Act creating the Martha's Vineyard Housing Bank.

MODERATOR DECLARED ARTICLE 34 POSTPONED INDEFINITELY

ARTICLE 35. To see if the Town, which has already imposed a local excise tax upon the transfer of occupancy of a room in a short-term rental based on Mass. Gen. L. ch. 646, Section 3A (as set forth in 2018 Mass Acts c. 337, s. 6), will dedicate in perpetuity three percent (3%) of the total amount of rent for each such occupancy to the Martha's Vineyard Housing Bank for the creation of housing on the Island. Funds collected under this section prior to the enactment of

legislation creating the Housing Bank and fulfilment of all conditions precedent to its creation shall be held in a restricted account to be transferred to the Housing Bank when it is fully enacted and able to proceed.

ARTICLE 36. . To see if the Town will vote to amend the Zoning Bylaws by amending Article 4 USE REGULATIONS as follows:

ACCESSORY USES

Section 4.2A Accessory uses as specified below which are customarily accessory and incidental to a permitted use, subject to the following provisions.

3. Swimming Pool and/or Tennis Court.

A swimming pool and a tennis court are considered accessory to the use of a principal dwelling. The Town will adhere to the following process:

a. Permitting and Enforcement: A Special Permit is required for a swimming pool or tennis court. The Special Permit is issued by the Zoning Board of Appeals which, in its discretion, will determine whether the applicant/owner's plan meets the purposes and requirements of this section. Special Permits granted under this section will be enforced by the Building Inspector.

b. Application: The applicant/owner must own the principal dwelling for two (2) years before applying for a Special Permit for a swimming pool or tennis court. Principal dwelling ownership begins when an occupancy permit for the principal dwelling is issued by the Building Inspector or from the date of transfer of property with an existing dwelling for which an occupancy permit has been granted. Special Permits for new swimming pools and tennis courts may not be transferred to new owners.

c. Use: A swimming pool or tennis court permitted under this Section may only be used by the residents or tenants of the principal dwelling and their guests.

d. Setbacks: No portion of the swimming pool or tennis court or any related fencing or pool-related equipment may be located within 50 feet of any boundary line of said lot. Setback relief may be available under Section 6.6.

e. Access and Enclosure: The purposes of this section and sections f ('Line-of-Sight Observation') and g ('Covers') below are to prevent a child from (a) gaining unsupervised access to, and use of, the pool, and (b) getting a foot hold to climb over any pool enclosure fencing (including any stonewall) or any nearby vegetation

- 1) The pool must be securely and completely enclosed and maintained on all sides with both a fence (or pool barrier) and self-locking gate(s) with the locks mounted on the pool-side of the gate(s). The fence and gate(s) must be not less than 4 feet in height above ground level. The fence must be child-proof. The exterior wall

of a dwelling may serve as part of the pool enclosure if the applicant's design/construction meets all applicable state standards governing doors and windows between the dwelling and the pool area.

2) If a stonewall is used for any section of the fencing, it must meet the minimum height requirement, and the exterior stone joints must be filled with mortar and flush with the exterior face of the wall.

3) Any vegetative screening of the pool or the pool enclosure must be planted and maintained at least four feet outside the pool enclosure and at a height not to exceed four feet.

f. **Line-of-Sight Observation:** A pool must be situated so as to provide a clear and direct line of sight – not dependent upon by a closed circuit camera or other equipment enabling remote observation – from a highly used room or place, such as a kitchen, living room or outside deck, in the principal dwelling to the entire pool area. Any fencing and/or vegetative screening between the principal dwelling and the pool must not interfere with a clear line of sight.

g. **Covers:** All swimming pools must be equipped with a winter safety cover for off-season use and may be required to have an automatic, retractable pool cover.

h. **Energy Use:** If a swimming pool is heated, all pool-related pumps, filters, circulators and the heating system must be powered with solar or renewable energy that is consistent with current best practices as determined by the Board. Any on-site, renewable source of power must meet the requirements of section 4.2A3f ('Line-of-Sight Observation'). If a heating system is added to an existing swimming pool, a Special Permit is required prior to its installation and it must comply with this section.

i. **Light:** The swimming pool or tennis court must comply with sections 5.5, 5.6 and 5.7 of these bylaws. Submerged in-pool lights and path lights are permissible. Tennis courts must not be lighted.

j. **Noise:** The Board may require all pool-related mechanical equipment to be located in an enclosed, sound-insulated shed or in an underground vault to reduce noise. The location of such shed or vault must be approved by the Board. Any such equipment which the Board does not require to be so located must comply with the provisions of Article 5, section 5.9 of these bylaws.

k. **Landscaping and Visibility:** The purposes of this section are (a) to allow vegetative screening provided it does not unreasonably interfere with an abutting property owner's enjoyment of their property and views from that property, and (b) to protect public vistas.

1) If the applicant/owner intends to plant any vegetation between the principal dwelling and pool or between the pool and an abutting property, a specific landscape plan may be required by the Board and, if so, it must be approved prior to implementation. Any vegetative screening, whether specifically allowed in the Special Permit or otherwise, must consist of native, non-invasive species. Any such vegetation must at all times comply with sections e ('Access and Enclosure') and f ('Line-of-Sight Observation') above.

2) No portion of the swimming pool or tennis court or any related fencing or any pool-related mechanical equipment or vegetative screening may be sited so as to interfere with the view of natural surroundings from a way used by the public or public land.

l. Fire Protection: A standpipe for Fire Department access is required for all pools containing over 10,000 gallons of water. The Fire Chief must also approve the standpipe design and placement before an applicant may obtain a Building Permit.

m. Initial Filling: The initial filling of the pool must come from an off-site source and must not occur until the pool is in compliance with this bylaw.

n. Drainage: The concentration of potentially hazardous chemicals in the water must be significantly reduced and pool water must be properly tested before any necessary draining of the pool water directly into the ground of the property. Pool water must not be drained into any 'buffer zone' (as that term is defined in the Wetland Protection Act).

o. Maintenance of Equipment: Pool fencing (including gates) and equipment (including the pool cover) must be maintained in good working order.

p. Compliance with Laws: The pool must meet all applicable State and Town laws and regulations governing pools. If there is any conflict between those laws or regulations and this bylaw, the more stringent applies.
