

TOWN OF CHILMARK

FULL OR PARTIAL DEMOLITION PERMITTING REQUIREMENTS

Effective Date 9/1/23

Prior to signing off and approving any **demolition*** permit application, the Building Department and the Board of Health must be assured that any and all **hazardous materials*** have been identified and removed in accordance with local and state regulations and the existing septic system and/or well has been abandoned (if applicable).

***Hazardous Materials**

A. Asbestos can be present within older vinyl floor tiles, exterior type shingles (not roof type), and/or older, insulated heating units/pipes (fibrous coating). Due to this, proof of an asbestos survey must be submitted on every proposed unit, house, building, etc. demolition prior to demo permit sign-off. Asbestos, if confirmed, must be removed by a properly licensed asbestos abatement contractor as per MA Department of Environmental Protection's Asbestos Regulations.

B. Mercury Switches in thermostats (round Honeywell type), heating furnaces, boilers, etc. All mercury switches must be removed and disposed of properly as they can NOT go in to the trash. They must be disposed of properly at hazardous waste sites/days.

C. Home Heating Oil Tanks (*above or below grade*); All above and below ground, home heating/fuel-oil tanks must be emptied, opened and cleaned out, and ready for disposal. Below grade home heating/fuel-oil or hazardous material storage tanks must be "abandoned" in accordance with all state and local regulations.

D. Any significant quantities of hazardous materials as defined by our local storage regulations. All other potential hazardous chemicals present must be identified and disposed of in accordance with all local, state and federal regulations.

***DEMOLITION** means any operation which involves the wrecking, taking out, removal, stripping, or replacement of building materials or insulation. This term includes load and non-load supporting structural members of a structure.

For more information log on to the websites of The Department of Environmental Protection (DEP) @ www.mass.gov/dep and/or The Environmental Protection Agency (EPA) @ www.epa.gov.
