Lester B. Smith, Jr.

Principal

lsmith@epsilonassociates.com

Lester Smith, Jr. is a coastal geologist/environmental scientist with more than 30 years of experience in the environmental field, including work in government and private sectors. His experience includes waterfront and marine permitting; coastal geology, shoreline change and coastal hazard analysis; dredging analysis; beach and coastal management plans; and permitting of linear, large commercial, and government projects involving complex environmental regulatory analysis. Early in his career, Mr. Smith directed the scientific and engineering staff at the Massachusetts Coastal Zone Management (CZM) Office where he co-authored the Massachusetts Coastal Wetlands regulations and assisted in the writing of the CZM policies. Mr. Smith also served as a NOAA Commissioned Officer conducting marine surveys in the Pacific and hydrology studies in the Great Lakes.
